

ROEQ TMC300 Cart Solution for Robotize GoPal P35

The ROEQ TMC300 top module is designed for the Robotize GoPal P35 to transport the ROEQ Cart500. With this cart solution the Robotize GoPal P35 can safely pick up, transport and drop off cargo of up to 300kg.

Features

- Easy access to emergency stop when transporting long loads – up to 120 cm (47.2")
- Pick up and drop off in free space
- Can dock to cart from both ends
- Multiple carts can be used in the same setup – allowing for transportation of various kinds of goods
- ROEQ Safety including scanner configuration for easier installation and safe operation
- Mounting holes for e.g. light tower. I/O kit can be purchased
- The Cart500 is designed for excellent tilt stability
- Mounting holes on the Cart500 for attaching 3rd party equipment e.g. crates or shelves
- 1 ESD wheel as standard on the cart
